

February 2, 2012

TO: To Whom It May Concern
SUBJECT: **Authorized Distributor for Scantron Corporation**
EXPIRATION DATE: December 31, 2013

For more than three decades, Scantron Corporation has helped education, commercial and government organizations worldwide measure and improve effectiveness with data collection, assessment and survey solutions. The company manufactures and services scannable data collection products, including printed forms, scanners and related software, for major mission-critical data collection projects. Applications include education student assessment and testing; university entrance exams; population, agricultural and economic census projects; and election events for corporate and/or government clients.

Scantron has more than 1,000 employees located across six U.S. facilities and a world presence through more than 70 distributors in 63 countries. Today, more than 40 Ministries of Education throughout the world use Scantron scanning solutions for their national assessment programs. Scantron is a subsidiary of Harland Clarke Holdings Corp., which is wholly owned by M & F Worldwide Corp. (NYSE: MFW).

Scantron is the inventor and manufacturer of Optical Mark Reading (OMR) scanners and holds several patents and other intellectual property protections relating to the technology used in software support for its iNSIGHT[™] and OpScan[™] product lines as well as its proprietary software, ScanTools Plus[™]. These products are used for resolving optical marks including accurate determination of intended marks versus erasures. Scantron's image based scanners can also capture machine printed characters, hand-printed characters and bar codes directly into full or partial image clips for storage/retrieval systems.

Scantron selects and appoints authorized distributors for the distribution of its products outside of the United States. Such authorized distributors are the sole providers of such Scantron products. This structure helps us control the quality of our products and also provides for world-class support and maintenance for our end-users. Please contact the following authorized distributor in **Saudia Arabia** for more information:

Automation Establishment

PO Box 93453
Exit 16 Alfayha Almatarr St. #45
Riyadh, 11673
Saudi Arabia

Fax: 001-966-472-2088

Certificate of Origin of Scantron Corporation Products

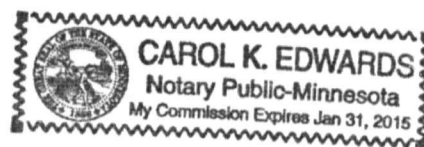

This letter also certifies that Scantron's iNSIGHT[™] and OpScan[™] product lines are of USA origin and are shipped EXW (Incoterms 2010) from one of our USA factories, which are located in Eagan, Minnesota; Omaha, Nebraska; and Columbia, Pennsylvania. Please note that our iNSIGHT[™] 20 and 30 models are made in China with USA origin versions available.

If there are questions concerning this appointment or product offerings / capabilities, please contact me at mike_chiszar@scantron.com or call +1 (714) 437-4281.

Sincerely,

Mike Chiszar
